

Assigning Summer Dates in CLSS

If a section is meeting the entire Summer term (**May 11th – July 31st**), the session dates are set as the default and no action is necessary.

If a section is meeting **less than** the entire Summer term, assign the meeting dates on the “Edit Section” screen Custom Dates. Classes may only begin on the designated Start Dates – **May 11th, May 26th, June 8th, June 22nd, July 6th, and July 20th**. **All classes end on a Friday** regardless of whether the class meets or not.
